*NOTE: Inquire about attractive leasing terms for software, maintenance, training, and/or hardware.*

- (a) GIS\Key™ full system includes all database & graphic capabilities of the geology, hydrology, and chemistry modules. Drawing programs (AutoCAD or ArcView 3.2) must be purchased separately.
- (b) "Additional" refers to a specific office location (local) or server (network). New location/server at existing client – call for pricing.
- (c) Meets USAF and CLP Data Management Requirements. Preprocesses/verifies lab data sets, produces compliance & validation reports.
- (d) Requires AutoCAD, includes GIS\Key™ Geology (Winlogs) and/or Hydrology (Geo/Hydro) Database.
- (e) Prices assume training is performed at GIS\Solutions' Walnut Creek office. Travel expenses extra for training at customer's facility.
- (f) Annual Maintenance includes all GIS\Key™ upgrades issued during the contract year, plus call-in technical support.
- (g) For occasional users. Opens a GIS\Key Project and produces reports, Excel graphs and map exports.
- (h) Runs on a Pocket PC and synchronizes with the GIS\Key database.
